

Certificate Of Analysis

Product Name	N-Nitroso Lumefantrine Impurity	
CAS No	NA	Structure: -
Batch No	-	
Chemical Formula	C ₂₆ H ₂₃ Cl ₃ N ₂ O ₂	
Molecular Weight	501.83	
HPLC Purity	99.9 % (E+Z)	
Shipping Condition	Plastic Bottles	
Storage Condition	2-8°C Refrigerator	

Analysis Method	Product Specification	Product Result
Identity by ¹ H NMR	Complies to Structure	Confirm
Identity by HPLC	Complies to Structure	Confirm
Identity by IR	Complies to Structure	Confirm
Identity by Mass Spectrometry	Complies to Structure	Confirm

Caution	-
Date of Release	-
Validity	-
Deadline for Quality complaints	Within three months of Invoice date.

Attachments	Mass,IR,HPLC & ¹ HNMR
Date of Shipment	-

Hazards: -Read Material Safety Data Sheet (MSDS) and understand any potential hazard(s) prior to the use of this product. All chemicals should be considered potentially hazardous in nature and should only be handled by qualified personnel using established good laboratory practices

- Additional test will be provided as per customer's requirement
